14	Long Distance Round the World, Round Britain, Round Isle of Wight, Round British Isles etc.
15	Records Recognised by Other Authorities Water Ski, Hovercraft, Blind Skier
16	Aquabikes Sport Mod, Runabout, Superstock, Ski

ELIGIBILITY

OFFSHORE CLASSES

Offshore qualifications must be under the class specifications current at the date of the attempt.

For **UIM World Records** a boat as entered must have finished 1st, 2nd or 3rd in its class in a World or Continental Championship event (UIM 601.04). For **British Records**: A boat must have qualified for a world record attempt or finished in 3 national events. The boat must be in the same class and as raced and fully equipped for national racing. For **OCR classes**: A boat must have finished three national races in the same year and same class to be eligible to attempt a national record.

SPORTS OUTBOARD CIRCUIT CLASSES

No qualifications required for weight restricted national classes. For non weight restricted classes, a boat and driver shall have finished 1st, 2nd or 3rd in a 2008 National Championship points event may, in the same class and as raced, attempt a record.

HYDROPLANE CLASSES

There are no restrictions on the eligibility of hydroplanes attempting National or International records. The event organiser can determine the classes to be attempted in any particular event and can determine, as far as accepting an entry is concerned, the eligibility of an entry where some pre-qualification is required.

SPEED REQUIRED

The margin required to claim a new record is an increase of at least **0.3%**.
